

UM-1200 Horizontal Flow-Pack Packaging Machine

UM-1200 HORIZONTAL FLOW-PACK PACKAGING MACHINE

- High technology
- Completely chromium surfaces
- European food industry standards
- Safe project & equipment
- Gratis operator training
- Mechanical and electrical spare parts guarantee

TECHNICAL SPECIFICATIONS

Capacity

- 520 kg(net)
- 220 V.A.C/300 V.A.C
- 1.1 Kw. power
- 4x600 Watt resistance
- 2x300 Watt resistance
- Hot sealing speed 100-170 R/M
- Cold sealing speed 250-350 R/M

Hot Sealing Material

Cellophane, pruluze, laminated p.p. , laminated AL. , p.p.

Cold Sealing Material

All kinds of such material
Product dimensions supply to the production capacity

Product Dimensions	Min. mm.	Max. mm.
Lenght	40	400
Height	2	60
Width	15	200
